

Promise Neighborhoods

Offered by:	U.S. Department of Education Office of Innovation and Improvement
Eligible Participants:	Nonprofit organizations and institutions of higher education.
Program Objective:	The program is intended to significantly improve the educational and developmental outcomes of all children in our most distressed communities, including rural and tribal communities, and to transform those communities.
Program Features and Requirements:	<p>The Promise Neighborhoods program will award one-year grants to support the development of a plan to implement a Promise Neighborhood that includes certain core features. At the conclusion of the planning grant period, grantees should have a feasible plan to implement a continuum of solutions that will significantly improve results for children in the community being served.</p> <p>In subsequent years, contingent on the availability of funds, the Department intends to conduct competitions for implementation grants, as well as competitions for new planning grants. While all eligible entities will be able to apply for implementation grants, eligible entities that have effectively carried out the planning activities described in the Notice Inviting Applications, whether independently or with a Promise Neighborhoods planning grant, are likely to be well positioned with the plan, commitments, data, and demonstrated organizational leadership and capacity necessary to develop a quality application for an implementation grant.</p>
Program Cost:	Costs associated with implementing the project plan.
